

## NAVY IN SYDNEY EAST HARBOUR CRUISE

Would you like to know more about Royal Australian Navy (RAN) activities and facilities in Sydney Harbour from 1788 to the present, especially during WW II?

You are invited to join the Naval Historical Society of Australia for a three-hour cruise east of the Harbour Bridge. The Society is a non-profit organization run by volunteers to preserve and honour our naval history. The sites you will see and learn about include : -

**Dawe's Point.** The story of the observatory built by Lt William Dawes and the construction of the gun battery.

**Sydney Cove.** The story of Fort Macquarie and the Navy activities to protect ships and the colony after the arrival of the first fleet

**Garden Island.** The first use of Garden Island as a garden and its later development. The construction of the Captain Cook Graving Dock was second largest project after the Snowy Mountain Scheme and larger than the construction of the Harbour bridge. The story of the hammerhead crane and the role of HMAS KUTTABUL. The decision in 1987 to establish two Navy bases – Fleet Base East and Fleet Base West to cover both the Pacific and Indian oceans.

**HMAS RUSHCUTTER.** One of the oldest RAN shore bases, commissioned in 1920. A Naval Reserve training facility for anti-submarine warfare, diving, and radar.

**Clarke Island.** The storage of gun barrels during WW II. The midget submarines were also brought here after they were salvaged.

**Rose Bay.** The story of HMAS TINGIRA that trained over 3,000 sailors from 1912 to 1927.

**Watson's Bay.** HMAS WATSON the training centre for maritime warfare. Watson's Bay was the home base for pilot boats and the lifeboat over the years.
